

Remote Parent Teacher Conference Form 7th/8th Grade

Parents/Guardians

With the end of the first quarter upon us and report cards being posted next week, it seems like an opportune time to schedule parent-teacher conferences. This year parent-teacher conferences will be held through virtual meetings on Google Meet or through phone calls due to in-person restrictions pertaining to COVID.

In order to make arrangements for the conferences, we ask you to complete the bottom portion of the form and return it by Monday, November 2nd. Please specify what teachers you are wanting to conference with and what afternoon/evening works best for you. Generally, appointments will be scheduled for ten minutes in order to serve as many parents as possible.

Be sure your student brings your request to the teacher no later than Monday, November 2nd so that their teachers may schedule your times. Should a teacher be unable to schedule a desired appointment, an alternate time will be decided upon. If you do **NOT** desire to have a conference with any teacher, please sign this form and return it to school also by November 2nd.
